Re: Comments and Counterproposal in MB Docket
No.02-248, Smiley, Texas, Filed By New Ulm
Broadcastina Company October 21, 2002.

Second Errata

Dear Sir:

On October 23, 2002, an Errata was filed directed to certain typographical errors found in the engineering section of the above captioned Comments and Counterproposal. It has now also been found today that although the engineering analyses in the pleading relied upon the correct proposed new channel of 222C3 for Schulenburg, channel 223C3 was mistakenly inserted in the proposed Table of Changes and then picked up and repeated in the legal section of the Comments. The correct channel designation proposed for Schulenburg is 222C3.

It is therefore requested that the erroneous reference to channel "223C3" for Schulenburg in the Engineering Table of Allocations, as well as the Table of Allocations found at page 12 of the legal section of the Counterproposal be corrected to the correct channel "222C3" proposed for Schulenburg, Texas. In addition, erroneous references to channel 223C3 in the

Page Two

legal section in the Summary (line 10), and pages 7 (line 12), and 13 (line 3) of the pleading should also be changed and corrected to read "channel 222C3".

New Ulm regrets any inconvenience caused by the erroneous number and since this error was just discovered, Counsel will undertake to make service of this second Errata by fax today wherever possible.

Very truly yours,

Robert J. Buenzle,
Counsel for New Ulm
Broadcasting Company
